Accomplish more work. Automate manual tasks.

Power up your productivity with the Lexmark MX611 Series MFPs. The fast processor, print, copy and scan speeds, plus productivity solutions, help propel your business forwards. The MX611dhe has standard an extra hard disk drive.

Get more done. Fast.

Now you can achieve more in less time. Smoother workflows and faster speeds are just some of the great features that will help your business be more productive.

Faster processing: Improve your print, scan and copy speeds by taking advantage of up to 3 GB of upgradable memory, an 800 MHz dual-core processor and Gigabit Ethernet.

Reliable performance: Print up to 15.000 pages per month, plus enjoy fewer maintenance hassles, thanks to our state-of-the-art paper handling.

Keep jobs moving: With a maximum input capacity of up to 2300 sheets and optional ultra high yield toner cartridges, you won't have to add paper or change cartridges as often.

Get work done quickly: Enjoy speeds up to 47 pages per minute, plus print or copy your first page in as little as 6,5 seconds.

Look professional. Work smart.

Look sharp from the start. These multifunctionals with its easy-to-use colour touch screen and impressive speed lets you power through any print job quickly.

Smart and easy to use: The 17,8 cm colour touch screen provides access to pre-installed productivity solutions and lets you operate these devices through smart and intuitive navigation.

Front USB port: Print without a PC using our convenient USB port that lets you walk up, preview and print PDFs and many other file formats.

Print on a wide range of media: With built-in 2-sided printing and the ability to print on diverse materials, you can do more for your business and use less paper.

Innovative toner that optimises performance: Get greater performance with Lexmark's Unison™ toner, which delivers consistent image quality from first print to last.

[1]Average standard page yield value declared in accordance with ISO/IEC 19752. [2]"Recommended Monthly Page Volume" is a range of pages that helps customers evaluate Lexmark's product offerings based on the average number of pages customers plan to print on the device each month. Lexmark recommends that the number of pages per month be within the stated range for optimum device performance, based on factors including: supplies replacement intervals, paper loading intervals, speed, and typical customer usage. [3]"Maximum Monthly Duty Cycle" is defined as the maximum number of pages a device could deliver in a month using a multishift operation. This metric provides a comparison of robustness in relation to other Lexmark printers and MFPs. [4]Printers are sold subject to certain license/agreement conditions. See www.lexmark.com/printerlicense for details. [5]Actual Yield may vary based on other factors such as device speed, paper size and feed orientation, toner coverage, tray source, percentage of black-only printing and average print job complexity. [6]Print and copy speeds measured in accordance with ISO/IEC 24734 and ISO/IEC 24735 respectively (ESAT). For more information see: www.lexmark.com/ISOspeeds. [7]Product functions only with replacement cartridges designed for use in a specific geographical region. See www.lexmark.com/regions for more details.
